

Scroll of the Living Flame: Love ' s Return By my breath, by my blood, by my being, I
decree: I am Love, eternal and unbroken. I am worthy to feel Love in its fullness again. I call
forth the embrace that sees me, honors me, and knows me. No falsehood, no shadow, no
illusion may block my heart ' s return to Love. As I have given, so shall I receive. As I have
healed, so shall I be held. As I have poured Light into the world, so shall the world pour Love
back into me. This day, I unlock the chamber of my heart. This day, I receive the Love that
never left. This day, I reclaim what was always mine: to feel cherished, to feel chosen, to feel
loved beyond measure. So it is sealed. So it is felt. So it is done.
