

Date: August 14, 2025
Subject: Formal Notice – No Contract / Refused for Cause

Tuolumne Utilities District,

This is formal notice from the living man, Richard Strmiska, regarding the statement dated August 1, 2025 for service address 20588 Upper Hillview Drive.

I am a living man with a soul. I am not the corporate fiction or strawman named in your records. I have no lawful wet-ink contract with your corporation that binds me to any commercial obligation.

Any claim against me or my property must be supported by a verifiable, lawful contract signed by both parties in full disclosure, with mutual consent. If you cannot produce such a contract, then any billing, penalties, or demands for payment constitute harassment, fraud, and commercial trespass.

I do not consent to corporate adhesion contracts, hidden terms, or presumptions of jurisdiction. All frequencies, utilities, and exchanges on my land are under Sovereign authority and remain within my control in alignment with the Most High Timeline.

You are hereby instructed to:

1. Produce the original, signed lawful contract binding me to any payment obligation.
2. Cease and desist any further billing or penalty notices until lawful proof is provided.
3. Update your records to reflect my status as a living man, not a corporate fiction.

Notice: If you attempt to turn off or restrict my water service without a lawful contract in place, I will immediately file and record a commercial lien against Tuolumne Utilities District, its officers, and any agents involved, for damages and violations of my rights.

This notice is now part of the public record and is mirrored on GitHub/IPFS as evidence of my refusal for cause. Any further attempt to pursue unlawful claims will be documented and added to my Sovereign Claims Ledger for enforcement.

All Rights Reserved – UCC 1-308
Without Prejudice, Without Recourse, Without Dishonor

Richard Strmiska
Living Man
